Academic Foundations Center

Mission
The Academic Foundations Center provides educational opportunities, resources, and academic support programs primarily for underrepresented urban students to achieve personal success.

Vision
The Academic Foundations Center empowers participants to achieve their full potential and realize their dreams. As educators, we recognize that students in urban communities must have opportunities to develop competencies essential to being future leaders in society. We commit ourselves to providing the academic and leadership skills necessary to build pathways to success for every individual who enters our learning community.

The Academic Foundations Center will take a vigorous leadership role in identifying and addressing the issues which are pivotal in making educational opportunity a reality for K-20 students at academic institutions.

Educational Opportunity Fund Program

Program Description
The New Jersey Educational Opportunity Fund was created by law in 1968 to ensure meaningful access to higher education for those who come from backgrounds of economic and educational disadvantage. The Fund assists low-income New Jersey residents who are capable and motivated but lack adequate preparation for college study. The Fund is distinctive in the comprehensiveness of its approach. To ensure the opportunity to attend college, the Fund provides supplemental financial aid to help cover college costs (such as books, fees, room and board) that are not covered by the state's Tuition Aid Grant program. To ensure a viable opportunity to succeed and graduate, the Fund supports a wide array of campus-based outreach and support services at 28 public and 13 independent institutions.

The Fund is governed by a Board of Directors, which is appointed by the Governor. The Board sets policy, approves all necessary regulations for program operation and student eligibility, develops the annual budget request for the statewide program, and supports EOF programs at public and independent colleges and universities.

Mission
The New Jersey Educational Opportunity Fund contributes to the development of a college-educated public that reflects the diversity of New Jersey. In partnership with New Jersey colleges and universities, the Fund provides access to higher education and support for highly motivated students who exhibit the potential for success, but who come from families/communities disadvantaged by low income and the lack of access to the quality educational preparation necessary to attend college. EOF supports innovative educational initiatives, supplemental instruction, support services, and leadership development activities to improve the student’s chance of academic success. In concert with other sources of student
financial assistance, the Fund also attempts to make college affordable for those students who find the costs of higher education an impediment to access and student persistence. (New Jersey Administrative Code, Title 9A: Higher Education, Chapter 11)

**History of the Educational Opportunity Fund Program**

In November 1967, in the aftermath of the previous summer’s riots in Newark, New Jersey’s newly-appointed Chancellor of Higher Education, Ralph A. Dungan, directed a memorandum to the presidents of all of the state’s institutions of higher education. In it, he outlined a proposed program of special assistance to young men and women from economically and educationally disadvantaged backgrounds. The presidents’ response was immediate, widespread, and overwhelmingly favorable. Enthusiasm was particularly marked at those institutions that were participating in the federally supported Upward Bound Program, which sought to help high school students from disadvantaged backgrounds prepare for entry into college.

The following February, the Select Commission on Civil Disorders (the Lilly Commission, established in response to the events in Newark) made its report to Governor Richard Hughes, who subsequently submitted his Moral Recommitment message to the New Jersey State Legislature. The message called for the establishment of a broad range of programs to address the basic conditions the Commission had cited as contributing to the summer’s unrest. Among those programs was the Educational Opportunity Fund, established by legislation sponsored by then-freshman legislator Thomas Kean.

EOF set the pace for many initiatives which today are widely incorporated into college life. Among the many powerful strategies implemented by EOF are precollege articulation, basic skills testing and remediation, systematic retention efforts, peer counseling and peer tutoring, academic support courses, multicultural curricula and human relations programming, student leadership development, and outcomes-based program evaluation.

EOF has also been a leader and a linchpin in the higher education system’s effort to increase diversity. While participation is not limited to minority students, EOF sponsors more than one-third of the African American and Latino students at the state colleges and New Jersey’s independent institutions, and over one-quarter of the African American and Latino students enrolled at New Jersey colleges and universities participate in the EOF program. EOF enrolls about 12.5% of the first-time, full-time New Jersey freshmen who enter the state’s colleges and universities each fall. (http://www.state.nj.us/highereducation/eof.htm)

**EOF Program Requirements**

As an EOF student, your funding is contingent upon your compliance with the following EOF rules and regulations. All students must schedule appointments with their assigned EOF counselor based on the following criteria:

1. Probation students (GPA is below 2.00) must see their counselor every two weeks.
2. Students who GPA is between 2.00 and 2.39 must see their counselor three times throughout the semester.
3. Students whose GPA is 2.40 and above must see their counselor twice a semester.
4. Students who have not earned a GPA (transfers and freshmen) must see their counselor twice a semester.
Students who do not comply with the EOF Program Requirements are subject to be placed on academic hold until the program requirement is fulfilled.

**EOF Funding**
EOF Funding is based upon compliance of the EOF Program Requirements as outlined above, and annually based upon satisfactory academic progress and continued financial eligibility. As an EOF student, the number of semesters of grant payment is cumulative; EOF students shall be eligible for no more than 12 semesters of payment over the course of their entire undergraduate careers. When a funded EOF student transfers from one participating institution to another, the semesters of payment at the second institution are added to those at the first and the total shall not exceed 12.

**Part-Time Funding**
Students who are registered for less than 12 credits may be eligible for the EOF grant, the student must complete an EOF Part-Time Funding Form (www.afc.rutgers.edu/eof.htm) and submit the form to their EOF Counselor for approval. Students who are registered for less than 12 credits and will be graduating the semester they are registered part-time may be eligible for the full amount of the EOF grant, the student must complete an EOF Part-Time

Deadlines for submission of documentation are as follows: Fall Semester: August 15th; Spring Semester: January 15th.

**Maximum Payments**

EOF students shall be eligible for no more than 12 semesters of payment over the course of their entire undergraduate careers. If a student has not reached 12 semesters and has received a Student Eligibility Notice (SEN) from the State of New Jersey’s Higher Education Student Assistance Authority (HESAA) stating that they are ineligible because they have received the maximum number of payments, should forward a copy of their SEN to their EOF Counselor for approval.

**Advisement and Registration**

The EOF Program places registration holds on students who have either a cumulative grade point average of below 2.00 or have cumulative credits below 30. Students must make appointments with their assigned Academic Advisor for advisement. Students must complete and obtain the appropriate signature on the Academic Foundations Center Advisement & Registration Form to register for the next semester.

**Academic Review Committee**

The EOF Academic Review Committee reviews students on probation, students who have earned a cumulative grade point average below 2.00, and students on who are in danger of being placed on probation by reviewing student academic performance and progress. The Committee recommends an action plan for each student. Students who are on academic probation should meet with their EOF Counselor regularly as stated in the EOF Program Requirements. (Refer the Newark Undergraduate College Catalog for Scholastic Standing and Dismissal policies.)

**Strategies for Academic Success**

First-year students are required to enroll in the Strategies for Academic Success course (003:101,102) for the fall and spring semester during their first year in college. The course is designed to assist students in their transition from high school to college. Classes focus on identifying and implementing strategies for success in college through critical thinking. The course material engage students in self-exploration, self-empowerment, and personal growth exercises to further enhance academic and personal goals.

**EOF Support Courses**

The EOF Program offers support courses to first-year students enrolled in College Algebra and General Biology. The support courses aim to improve student academic performance. First-year students who volunteer to participate in the College Algebra and General Biology
support courses must enroll in the course during the Summer Academic Scholars Institute. Continuing students may be eligible to enroll in the support courses based upon their academic performance and EOF Counselor approval.

Tutoring Services
Tutoring is available to Rutgers-Newark students through the Rutgers Learning Center (RLC) and the Writing Center. The primary mission of the Rutgers Learning Center (RLC) is to offer academic enrichment programming that aids Rutgers students to develop a competitive learning advantage in their programs of study. The interchange that is fostered among the students as they assist one another creates rich opportunities for learning attitudinal, motivational, intellectual, and behavioral factors responsible for success. The Writing Center offers tutoring and workshops to all undergraduate and graduate students currently enrolled in classes on the Rutgers-Newark campus. Tutors help students become more independent readers and writers capable of responding well to the demands of writing within the university.

Discount for Standardized Test Preparation Courses
EOF students and EOF Alumni are eligible for a 50% discount on test preparation courses offered by Kaplan (www.kaplan.com). Applications (www.afc.rutgers.edu/eof.htm) are available on the EOF web-site and must be submitted to their EOF Counselor for approval.

Book Loans
EOF students may be eligible to receive a book loan voucher for purchasing textbooks at the Rutgers Bookstore. Students are eligible based on financial need or extenuating circumstances. Students must complete an application and submit to their EOF Counselor for approval. Book loans are only offered if funds are available.

Positions include teaching assistants, tutors, mentors, peer counselors, and office assistants. Program descriptions and job applications may be obtained April 1st of each year.

**Graduation**
GRADUATION occurs three times a year. Students must attend a graduation workshop, which is designed to prepare students for graduation.

- **OCTOBER** graduation is for seniors who have successfully completed all degree requirements by the end of the SUMMER term.
- **JANUARY** graduation is for seniors who have successfully completed all degree requirements by the end of the FALL term.
- **MAY** graduation is for seniors who have successfully completed all degree requirements by the end of the SPRING term.

Remember, all graduates (October, January, and May) participate ("march") in the one and only Commencement Ceremony held in the month of May.

All academic requirements must be met and satisfied. Candidates should check with their respective academic departments for their major and minor course of study. This will ensure that a student has followed the major curriculum. It is the department(s) that will certify the major requirements for graduation. The Advisors in the Office of the Dean of Student Affairs will check and certify the general education requirements for graduation. Students must attend one of the several graduation workshops.

Do submit a Diploma Information Form approximately two semesters before the anticipated date of graduation. Diploma Information Forms must be completed ONLINE ONLY from this web site by the published deadline dates. Submission of this form initiates the graduation "certification process." Please indicate all majors and minors on the form. Failure to hand in this information will delay your graduation.

Unsuccessful graduation candidates must complete another Diploma Information Form for semester in which they plan to graduate. Please remember all degree requirements (general education and major/minor) must be satisfied before a student will graduate and/or participate in the commencement ceremony.
All information relating to commencement instructions, tickets, regalia (caps, gowns, pictures, etc.) can be obtained from the Dean of Student Affairs web site (http://www.rutgers-newark.rutgers.edu/dsanwk/grad.html).

Tickets are not needed in order to attend the graduation ceremony. Each candidate will be given two (2) invitations. If the ceremony is held on the Campus Plaza, invitations are not needed. Students may invite as many guests as they want. If the ceremony is held in the Golden Dome due to inclement weather, one stamped invitation will admit two people. There is a limit on the amount of people that the Golden Dome can accommodate.

Information about the May graduation commencement ceremony is sent to all October graduates and January graduates.

Overlooked incomplete grades ("X", Incomplete, "T", "TZ", "RD", "RF", etc.) Please take care of these outstanding grades IMMEDIATELY! The student’s graduation could be delayed.

No "WALKING" permitted. All candidates must complete all requirements for graduation in order to participate in the Commencement Ceremony.

Yearly Events
Each year the EOF Program holds two major events, the EOF Student Reunion held in December and the EOF Seniors Awards Ceremony held in May. The purpose of the EOF Student Reunion is to promote community and serve as a medium for networking. The EOF Senior Awards Ceremony is an event that recognizes the personal and academic achievement of EOF graduating seniors.

Financial Aid

Federal Pell Grant
Pell Grants are the foundation of federal student aid, to which aid from other federal and nonfederal sources might be added. Pell Grants are generally awarded only to undergraduate students - those who haven't earned a bachelor's or graduate degree. In some limited cases, however, students might receive a Pell Grant if you're enrolled in a post-baccalaureate teacher certificate program.

To determine eligibility, the U.S. Department of Education uses a standard eligibility formula, established by Congress, to evaluate the information reported when a student applies. The formula produces an Expected Family Contribution (EFC) amount. The Student Aid Report (SAR) contains this amount and will determine eligibility.

Academic Competitiveness Grant (ACG)
The Academic Competitiveness Grant (ACG) is for undergraduate students who are enrolled in an eligible program, who receive Federal Pell Grant and are U.S. citizens. Students must also have completed a rigorous secondary school program of study and be enrolled in at least a two-year academic program acceptable for full credit toward a bachelor’s degree or enrolled in a graduate degree program that includes three years academic years of undergraduate education.

National Science and Mathematics Access to Retain Talent Grant (SMART)
The National Science and Mathematics Access to Retain Talent Grant (SMART) is available during the third and fourth years of undergraduate study to full-time students, who receive Federal Pell Grant and are U.S. citizens, and who are majoring in physical, life, or computer sciences, mathematics, technology, or engineering or in a foreign language determined critical to national security. The student must also be enrolled in the courses necessary to complete the degree program and to fulfill the requirements of the intended eligible major in addition to maintaining a cumulative grade point average (GPA) of at least 3.0 in course work required for the major.

Federal Supplemental Educational Opportunity Grant (FSEOG)
A Federal Supplemental Educational Opportunity Grant (FSEOG) is for undergraduates with exceptional financial need; that is, students with the lowest Expected Family Contribution (EFC). Priority is given to students who receive Federal Pell Grants. An FSEOG does not have to be paid back.

New Jersey Tuition Aid Grant (TAG)
Tuition Aid Grants are awarded to full-time undergraduate students who have been legal residents of New Jersey for at least 12 consecutive months before enrolling in a New Jersey institution. Students who have received a baccalaureate degree do not qualify. The Free Application for Federal Student Aid (FAFSA) or the "Renewal Application" is required to
apply for this grant. This is a state financial aid program that is administered by the New Jersey Higher Education Student Assistance Authority.

**New Jersey Educational Opportunity Fund (EOF) Grant**
The New Jersey Educational Opportunity Fund Grant is awarded to both undergraduate and graduate students from educationally disadvantaged backgrounds with demonstrated financial need. To participate in this program, students must be legal residents of New Jersey for at least 12 consecutive months prior to enrollment. Applicants must be full-time matriculated students in a New Jersey college or university. Grants are renewable annually based upon satisfactory academic progress and continued financial eligibility. The Free Application for Federal Student Aid (FAFSA) or the "Renewal Application" is required to apply for this grant. For more information about the EOF Program, contact the Undergraduate or Graduate Office of Admissions or EOF Office of the college of choice at Rutgers University. For more information, visit the New Jersey Commission on Higher Education website (www.state.nj.us/highereducation/eof.htm).

**New Jersey Garden State Scholarship Program**
The State of New Jersey offers financial assistance to high-achieving students through the Garden State Scholarship Program. Two scholarship funds are administered through this program: The Edward J. Bloustein Distinguished Scholars Program and the Urban Scholars Program.

To be eligible for these scholarships, students must be nominated by their high school guidance departments to the New Jersey Education Student Assistance Authority. Recipients must attend a New Jersey postsecondary institution. Students who accept these scholarships must enroll as a full-time undergraduate student. The scholarship recipient must be a New Jersey resident for at least 12 consecutive months prior to enrollment. Financial need is not a factor in determining eligibility. The recipient may also receive TAG and EOF grants if eligible. While filing a FAFSA is not mandatory; students are encouraged to complete a financial aid application to determine eligibility for additional federal, state, and campus-based financial assistance. This award is renewable based upon satisfactory academic progress, continued undergraduate enrollment in a New Jersey college or university, and continued program funding.

**Federal Work Study Program (FWSP)**
The FWSP is a federally funded financial aid program. The purpose of the program is to place financially eligible students in part-time employment so that students can earn funds while attending college. To be considered for FWSP funds, a student must file the FAFSA form by the priority deadline, and must be financially eligible according to federal and university policies. Eligible students are notified that they have been offered FWSP funds on the Financial Aid Offer Letter; Instructions to students are in included in the Award Letter Guide. Notification of job placement begins in June and continues throughout September. Students must file a FAFSA form each year and must continue to be financially eligible to participate.

**Standards of Academic Progress**
Academic Progress is a requirement for all students receiving federal, state, or institutional aid. Specifically, financial aid recipients must meet both a "qualitative" and a "quantitative" standard to maintain eligibility for financial aid. The qualitative measure is set by the school
or college you attend and is referred to as Academic Standing. In addition to maintaining
good academic standing, based on maintaining a certain cumulative grade point average,
students must successfully earn minimal numbers of degree credits for each term of
attendance at the university. This is the quantitative measure. The number of credit hours
necessary per term is outlined in the table entitled, "Academic Progress-Credit Level
Expectation."

Financial Aid Probation

If a student does not make minimal academic progress, the student may be eligible for one
year of additional financial aid if the student is within 6 credits of meeting the minimal
standard. For example, if a student has 36 credits after four terms of study as opposed to the
minimum 42 credits required, the student will be automatically eligible for an additional year
of aid eligibility to "make up" the deficiency and achieve the minimal standard.

Appeal Procedures

If a student falls more than 6 credits behind the minimal standard, the student may be granted
one additional year of financial aid through an appeals process. A firm academic plan for
getting back on track must be proposed, approved by the school/college dean or EOF
counselor, and accompany the written appeal, which must be submitted to the regional Office
of Financial Aid.

If the student fails to achieve the necessary standard during this additional year of aid
eligibility, the student will be denied further aid until the deficient academic credits have been
earned.
If the student reaches the term limit (10 semesters for regularly admitted students, 12 semesters for EOF and students placed into courses which do not bear graduation credit), the student may appeal for one year of additional aid eligibility by writing to the regional Director of Financial Aid.

In no case will a student be allowed to exceed the maximum time frame of 150 percent of the published length of the program of study.

Newark College of Arts and Sciences

About the College
The Newark College of Arts and Sciences was founded in 1930 as a four-year liberal arts institution affiliated with the New Jersey Law School. Dana College—as it was first called—began with a faculty of fifteen and fewer than three hundred students. Six years later and almost twice as large, Dana was renamed the Newark College of Arts and Sciences when it became the undergraduate division of the newly formed University of Newark. In 1946, the University of Newark and Rutgers University were merged to form Rutgers, The State University of New Jersey.

General Curriculum Requirements
A student must successfully complete at least 124 academic credits to graduate from the Newark College of Arts and Sciences. To ensure that every graduate has the opportunity to acquire a broad liberal arts education, the faculty has prescribed the following general curriculum requirements for all students, regardless of major field.

English Composition
Every student must successfully complete two English composition courses (21&62:350:101-102 or their equivalents) with grades of C or better. Students must be enrolled in a composition course, or preparatory course, as determined by the established placement standards at the college each and every term until the requirement is satisfied, unless otherwise advised by the writing program or the Office of the Dean of Student Affairs. Students who do not fulfill this requirement may be compelled to carry a reduced credit load and to defer their probable date of graduation.

Completion of the English composition requirement is a prerequisite to the Writing across the Curriculum requirement. It should be understood that students are expected to write proper English in all courses. A student, who consistently writes in an unsatisfactory manner, even though English composition has been passed, may be required to complete appropriate remedial work.

Writing across the Curriculum
Students are required to complete two courses designated as writing intensive, including at least one in the department of the major course of study. (They may choose to take the other as a course that satisfies general requirements, or as an elective.) All departments offer at least one writing intensive course, identified in the Schedule of Classes with a Q prefix.

Mathematics Proficiency
All candidates for the Bachelor of Arts or Bachelor of Science degrees are required to demonstrate minimum proficiency in mathematics by satisfying one of the following criteria:
1. Successful completion, with a grade of C or better, of 21&62:640:103 (Math for Liberal Arts), 112, or 113 College Algebra or any more advanced course in mathematics offered by the Department of Mathematics and Computer Science.
2. Satisfactory performance on a proficiency examination administered by the Department of Mathematics and Computer Science.
3. Successful completion, with a grade of C or better, of a college level, first-term calculus course equivalent to 21&62:640:135 Calculus I, at another institution, or a grade of B or better in a pre-calculus course equivalent to 21&62:640:114 or 119.

Students must meet the mathematics proficiency requirement in a timely manner, as follows: All entering students who have not otherwise satisfied the proficiency requirement before enrolling (#3 above), must either pass the math proficiency exam before the end of the ADD period of their first term of enrollment (#2 above), or enroll in the mathematics course prescribed by the placement standards at the college, and continue to enroll each and every term until the requirement (as described in #1 above) is satisfied.
The mathematics proficiency requirement must be completed satisfactorily before the student achieves senior standing. Students not adhering to these guidelines may be required to carry a reduced credit load and to defer their probable date of graduation.

**Foreign Language**
Students are expected to have completed two years of high school study of a foreign language prior to entering college. Students who have not fulfilled this expectation will be required to complete a one-year, elementary, sequential course (6 credits) in a foreign language offered by the Department of Classical and Modern Languages and Literatures. The department offers such courses in French, German, Greek, Hebrew, Italian, Latin, Russian, and Spanish. A placement exam, administered by the department, must be taken before registering for a foreign language. Students must take 6 credits to receive any credit.

**History and Literature**
Every student must successfully complete 6 credits in history offered by the Department of History and 6 credits in literature offered by the Department of English, the Department of Classical and Modern Languages and Literatures, or the Department of Afro-American and African Studies. The literature course may be taken in the original language or in translation. Successful completion of English composition is a prerequisite for enrolling in the history and literature courses. Students who choose a literature course in an original language must fulfill language prerequisites for that course as well. For information on specific courses that fulfill this requirement, consult the Office of Student Affairs.

**Natural Sciences**
Every student must successfully complete a one-year course with a laboratory in a natural science (8 credits), and 3 additional credits in either the natural sciences or mathematics. A mathematics course taken to fulfill this requirement must be at a higher level than the course taken to meet the mathematics proficiency requirement. The laboratory science requirement is satisfied by taking one of the one-year introductory courses, with laboratory, offered in the natural sciences area. Students with specific career or major interests in scientific fields should seek academic guidance in choosing laboratory courses. (See the Rutgers-Newark Undergraduate Catalog for Natural Science courses.)

**Social Sciences**
Every student must successfully complete a one-year sequential course (6 credits) in African-American studies, criminal justice, anthropology, economics, political science, psychology, social work, or sociology. (See the Rutgers-Newark Undergraduate Catalog for Social Science courses.)

**The Fine Arts**
Every student must successfully complete one course (3 credits) that focuses on an aspect of the fine arts. The course may be a selected performance offering, or it may be one that reflects a historical/critical perspective on an area of the fine arts. (See the Rutgers-Newark Undergraduate Catalog for Fine Arts courses.)
**Interdisciplinary Study**
Every student must successfully complete one course (3 credits) that explicitly takes an interdisciplinary approach to its subject matter. (See the Rutgers-Newark Undergraduate Catalog for Interdisciplinary Study courses.)

**Restricted Electives**
Every student must successfully complete 15 credits of electives outside his or her major. (Current and prospective students in the Rutgers Business School: Undergraduate-Newark may not take courses offered by the business school to fulfill this requirement.) Courses taken for graduation credit in education may be used as electives for purposes of this requirement. With elective credits, students may choose to complete a minor in an approved subject offered at the college.

**Academic Policies and Procedures**

**Grades and Records**

Grades represent the level of quality of the student’s performance measured against standards of knowledge, skill, and understanding as evaluated by the instructor. Grades are reported to the university registrar at the end of each term by the following symbols:

<table>
<thead>
<tr>
<th>GRADE</th>
<th>DEFINITION</th>
<th>NUMERICAL EQUIVALENT</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>Outstanding</td>
<td>4.0</td>
</tr>

</tr>
<tr>

<td>2.0</td>
</tr>
<tr>
<td>D</td>
<td>Poor</td>
<td>1.0</td>
</tr>
<tr>
<td>F</td>
<td>Failing</td>
<td>0.0</td>
</tr>
</tbody>
</table>

Other grade symbols are located in the Rutgers-Newark Undergraduate Catalog.

**Cumulative Grade-Point Average**

The cumulative grade-point average is computed by multiplying the grade received in each course taken for credit (and to be included in the average) by the number of credits earned in the course. The grade points earned in all such courses are added together and the sum is divided by the total credits earned in those courses.

A student may elect to omit from the cumulative grade-point average all grades earned in the first term. To exercise this option, the student must file a written request at the Office of the Registrar during the first two weeks of the term following the term in which the student has earned 56 credits. This rule is not applicable to transfer students unless the student transferred from another division of the university offering the same option, or the student transferred into the college with fewer than 12 credits.

**Class Standing**

A student’s progress is recorded in terms of credit hours, and each course carries a stated number of credits.

**Dean’s List**
Newark College of Arts and Sciences: At the end of each academic year, the Office of the Dean of Student Affairs compiles an honors list of students whose work in either or both terms was outstanding. The Dean’s List specifically includes those students who complete 12 or more credits toward graduation in a given term and whose term average was 3.5 or better. N credit courses do not count toward graduation. The student transcript will note Dean’s List.

University College-Newark: The Dean’s List recognizes current academic achievement. Students are eligible if they are matriculated and have completed 6 or more credits toward graduation during an academic term, with a cumulative grade-point average of 3.5 or better. N credit courses do not count toward graduation. The student transcript will note Dean’s List.

**Scholastic Standing**
A student’s scholastic standing, the basis for continuance in college, probation, honors, and graduation, is determined by the weighted average of all the grades earned in courses taken at Rutgers University and at New Jersey Institute of Technology through the Exchange Registration Program which are applicable to the student’s degree program. Student must maintain a cumulative grade-point average of 2.0 or better. (See the Rutgers-Newark Undergraduate Catalog for Probation and Dismissal Policies).

The Board administers all Article III, Article IV, C. Clyde Ferguson Law Scholarship, and Martin Luther King Physician-Dentist Scholarship funds appropriated by the State Legislature and other public or private sources and is an agency of communication with departments and agencies of the U.S. government on the availability of grants or loans to New Jersey for purposes related or similar to those set forth in N.J.S.A.18A:71-28 through 40 and 18A:72J. Through the Commission on Higher Education, the Board of Directors is responsible and reports periodically in writing to the Governor and the Legislature on the performance of its duties in accordance with the law.

9A:11-1.3 EOF Mission Statement

The New Jersey Educational Opportunity Fund contributes to the development of a college-educated public that reflects the diversity of New Jersey. In partnership with New Jersey colleges and universities, the Fund provides access to higher education and support for highly motivated students who exhibit the potential for success, but who come from families/communities disadvantaged by low income and the lack of access to the quality educational preparation necessary to attend college. Through its partnership with participating institutions of higher education, the Fund seeks to maximize educational opportunities for EOF students by providing direct program services designed to promote persistence through degree completion. Accordingly, EOF supports innovative educational initiatives, supplemental instruction, support services, academic and educational advisement, and leadership development activities to improve the student’s chance of academic success. In concert with other sources of student financial assistance, the Fund also attempts to make college affordable for those students who find the costs of higher education an impediment to access and student persistence.

9A:11-1.4 Scope

(a) The rules in this chapter govern the awarding of Article III undergraduate EOF grants to students for study leading to approved certificates, associate degrees, and/or baccalaureate degrees, and the awarding of Article III graduate EOF grants and Ferguson and King Scholarships for study leading to approved master’s, doctoral and/or professional degrees. The rules also govern the development, administration, and maintenance of institutional programs of developmental and supplemental education for EOF students supported in part through Article IV funding in the summer and academic year.

(b) Institutions that participate in the EOF program shall not discriminate in their recruitment and admissions practices based on race, age, creed, religion, marital status, national origin, color, gender, sexual orientation, or disability.

SUBCHAPTER 2: UNDERGRADUATE EOF ACADEMIC AND FINANCIAL ELIGIBILITY

9A:11-2.1 Scope
This subchapter governs the awarding of Article III undergraduate EOF grants. The Article III undergraduate EOF grant is not a financial aid entitlement. Institutions select students for participation based on the eligibility criteria in N.J.A.C. 9A:11-2.2 and 2.3.

9A:11-2.2 Student Eligibility

(a) The undergraduate EOF Program is designed to provide an opportunity for higher education to disadvantaged New Jersey residents who would be unable to attend and/or succeed academically in college without the financial assistance and special services that are part of this program. The program is intended for students who show potential and exhibit evidence of academic and/or creative promise but who have limited educational and financial resources for college because of poor high school preparation and have economic backgrounds that reflect a history of poverty.

(b) To be eligible for an undergraduate EOF grant, a student must demonstrate a history of poverty, which generally includes documented, long-term economic hardship of the family, such as little or no accumulation of assets and the inability to provide more than the basic needs of family members, as evidenced by at least one of the following:

1. Having attended or graduated from a DFG A or B school district or an Abbott school district;
2. Having resided in a municipality that is a high-distress/labor surplus area, or is considered an eligible urban aid municipality, and/or is eligible to receive Early Childhood Program Aid (ECPA) from the New Jersey Department of Education;
3. Having resided in an area that historically has been populated by low-income families; such an area, commonly called a “pocket of poverty,” has characteristics of a high-distress/labor surplus area, even if the municipality is not formally so identified;
4. Having a sibling who was or is enrolled in an EOF Program;
5. Being a first-generation college student who is, or whose family is, eligible for government assistance and/or educational programs targeted toward low-income and disadvantaged populations (TRIO programs, free and reduced breakfast/lunch programs, food stamps); or
6. Having successfully completed a NJ GEAR UP state project or NJ College Bound grant program.

(c) The admitting institution determines eligibility for EOF pursuant to N.J.A.C. 9A:11-4.6, Criteria for admission, at the time of a student’s initial application. The institution, in the context of its own selectivity, shall make and document a broad assessment of the student’s motivation and talent (latent, as well as demonstrated) based on interviews, recommendations, high school records, and other requisite application materials.

(d) To be initially eligible for an EOF undergraduate Article III grant, a student must demonstrate that he or she:

1. Has a high school diploma or GED or demonstrates an “ability to benefit”;
2. Meets N.J.A.C. 9A:9-2.2 and 2.3, which are the Tuition Aid Grant and Garden State Scholarship programs’ rules governing residency and noncitizens and resident aliens, respectively;
3. Meets the financial criteria established in N.J.A.C. 9A:11-2.3;
4. Is or will be a full-time student as defined by the institution offering the undergraduate program of study unless the institution has received approval under N.J.A.C. 9A:11-2.9(b) to award grants to part-time students, and
5. Is admitted to and intends full-time enrollment and matriculation in a curriculum leading to an undergraduate degree or certificate at an institution participating in the Fund. Degree and certificate programs shall require a minimum of 24 semester hours or the equivalent and be at least one academic year in duration. The Fund is not intended for a student whose primary educational goal is to complete an adult basic education curriculum or attain language proficiency.

(e) In addition, an eligible student shall exhibit evidence of the potential to succeed in college, but:

1. Shall not have demonstrated sufficient academic preparation to gain admission to an approved institution of higher education under its regular standards of admission (where applicable) and shall have standardized test scores that are below the institutional norms; or
2. Shall have an educational background that indicates a need for improved basic skills, additional academic support, or additional preparation for the applicant’s desired degree program.

(f) Students who have successfully completed a NJ GEAR UP state project and who have been admitted to the institution under its regular standards of admission (where applicable) or who do not demonstrate need as specified in (e)(2) above shall also be eligible to participate in the EOF program, assuming they meet all other eligibility criteria in this subchapter, except those in (e) above.
Students shall not receive assistance under the programs administered by the Board if they owe a refund on a grant or scholarship previously received from a State or Federal program through any institution or are in default on any loan made under any State or Federal student financial assistance program at any institution. However, such students may receive State financial assistance if they make satisfactory repayment arrangements with the appropriate office.

Students attending out-of-State institutions are not eligible for Article III undergraduate grants.

### 9A:11-2.3 Financial Eligibility for Initial Article III Student Grants

(a) The EOF Income Eligibility Scale is based on 200 percent of the annual Federal poverty guideline (that is, doubled) as published annually by the United States Department of Health and Human Services in the Federal Register. This benchmark was established to reflect an eligible target population consistent with the intent of the original legislation. The EOF Executive Director shall inform institutions of annual adjustments to the EOF Income Eligibility Scale each summer, and the gross income limits set forth in this subsection shall be updated through a notice of administrative changes published in the New Jersey Register.

1. Except provided in (d), (e), (g), (h), and (i) below, dependent and independent students are financially eligible for an initial Article III student grant if their gross household income does not exceed the applicable amounts set forth in the EOF Income Eligibility Scale, as follows.

<table>
<thead>
<tr>
<th>Household Size (including student)</th>
<th>Family Gross Income Does Not Exceed:</th>

<td>$20,800</td>

<tr>

<td>$71,200</td>
</tr>
</tbody>
</table>

Add $7,200 for each additional member of the household.

2. For each additional member of the household, an allowance of $7,200 shall be added to this amount in order to determine EOF eligibility for the 2009-10 academic year.

3. The gross income level for each household size as shown in (a) 1and 2 above has been adjusted to reflect changes in Federal poverty guidelines as stated in (a) above.

(b) A dependent student’s income shall not be considered in the gross household income.

(c) The following sources of untaxed income – earned income credit, additional child tax credit, untaxed social security benefits, and Temporary Assistance for Needy Families (TANF) – shall be excluded from consideration in the gross household income of applicants.

(d) An applicant whose household receives Temporary Assistance for Needy Families (TANF) and/or Supplemental Social Security Income (SSI) as the sole means of support is eligible regardless of the amount of such support.

(e) An applicant who falls between the ages of 16 and 22, who is or was in a New Jersey Division of Youth and Family Services paid placement, and who meets one of the criteria listed below, automatically satisfies the financial eligibility criteria stated in (a) above:

1. an individual who has been in the care and custody of the New Jersey Division of Youth and Family Services, in an out of home placement, for a period of nine months or more following the individual’s sixteenth birthday; or
2. an individual who has been in the care and custody of the New Jersey Division of Youth and Family Services after the age of 14 for a cumulative 18 months; or
3. an individual who is or has been residing in a transitional living program for youth or in supportive housing for three months or more and the facility or program receives a payment pursuant to the New Jersey Homeless Youth Act or the Federal “Runaway and Homeless Youth Act” Title II of Pub. L. 93-415 (42 U.S.C.§§.5701 et seq.); or
4. an individual adopted through the New Jersey Division of Youth and Family Services after the age of 12 and who is in a subsidized adoption at the time of application; or
5. an individual adopted through the New Jersey Division of Youth and Family Services after the age of 16.

(f) In determining financial eligibility for an Article III student grant, separation or divorce or the disability or death of a wage earner in the calendar year before the academic year for which eligibility is being determined, with a concomitant decrease in household income below the EOF Income Eligibility Scale, does not automatically satisfy the financial eligibility criteria stated in (a) above.
(g) The campus EOF administrator/director shall approve students in cases such as those cited in (f) above after review and recommendation by the financial aid office. The campus EOF administrator/director, in cooperation with the director of financial aid, shall have the discretion to use professional judgment to assess whether an applicant or the applicant’s family meets the spirit and intent of the Fund.

(h) Where there is evidence that strict adherence to the maximum income eligibility cut-off will not serve the purpose of the Fund, the campus EOF administrator/director has the discretion to admit, up to a maximum of 10 percent of the annual EOF freshman class, students with family incomes as high as, but no more than, 281 percent of the Federal poverty guidelines as published annually by the Federal government. These discretionary admits, however, shall also meet all eligibility provisions of N.J.A.C. 9A:11-2.2.

(i) Institutions shall obtain permission from the EOF Executive Director before exceeding the 10 percent discretionary, over-income waiver set forth in (h) above.

(j) The records of applicants deemed eligible in accordance with the provisions of (g), (h), and (i) above shall contain sufficient documentation to support the use of professional judgment, as stated in (g) above, and the discretionary criteria, as stated in (h) above.

(k) Notwithstanding provisions of (g) and (h) above, priority shall be given to students whose incomes are within the limits of (a) above.

9A:11-2.4 Dependent/Independent Student Defined

(a) For purposes of income eligibility and verification, the Fund shall adhere to N.J.A.C. 9A:9-2.6 which are the Tuition Aid Grant and Garden State Scholarship programs’ rules defining dependent versus independent students.

(b) The institution shall share with the EOF Executive Director any material findings or audit exceptions related to the determination of dependency status at any time they are revealed in the course of an audit or program review.

9A:11-2.5 Verification of Financial Eligibility

(a) At the time that a student receives an initial EOF student grant, the institution shall verify the income and assets of all undergraduate EOF grant applicants’ parent(s) or guardian(s) or of applicants and spouses, as appropriate. The purpose of the verification is to ensure that EOF funds are granted only to students who meet the eligibility criteria in N.J.A.C. 9A:11-2.2 and 2.3.

(b) In cases where earnings are not the source of an initial awardee’s income as described in (a) above, the file shall contain appropriate, verified documentation on which to base the award (for example, statements from the public assistance agency, Social Security Administration, Bureau of Children’s Services, Veterans Administration or other appropriate administrative agency), regardless of the awardee’s dependency status.

(c) In all cases, files shall contain completed forms indicating all relevant data for determining initial eligibility, such as household size, annual income, and sources of income and assets: for dependent students, of parent(s) or guardian(s), for independent students, of the student or student and spouse, as appropriate. A student’s record shall also include the application for financial aid, the student’s signed acceptance of the financial aid package, and proof that the student received the grant.

(d) To receive an Article III undergraduate grant, all students shall comply with the Tuition Aid Grant and Garden State Scholarship programs’ rule at N.J.A.C. 9A:9-2.4, Eligibility and repayment. The Board annually establishes deadline dates for submitting the form specified in N.J.A.C. 9A:9-2.4 which are a year in advance, to ensure that the Fund’s expenditures are maintained within available appropriations and to provide for timely disbursement of payments to participating institutions. Students shall submit the form specified in N.J.A.C. 9A:9-2.4 in accordance with the Board’s annual deadlines.

(e) Students found eligible to receive student assistance shall comply with the N.J.A.C. 9A:9-2.7, which are the Tuition Aid Grant and Garden State Scholarship programs’ rules governing verification of family financial data.

9A:11-2.6 Grant Amount

(a) The dollar amount of each Article III undergraduate EOF grant shall be based on three factors:
   1. Full- or approved part-time enrollment;
   2. The financial need of the student as determined by a needs analysis; and
   3. The type of institution the student attends.

(b) The institution’s EOF and financial aid directors shall determine the exact amount of each student’s grant. In determining need and awarding Article III grants, priority shall be given first to students who meet the
An EOF undergraduate grant awardee shall receive not less than the minimum nor more than the maximum semester award, except that under no circumstances shall the grant when combined with other aid exceed the cost of attendance as determined by the institution.

(d) The Board shall annually review the State grant amounts for EOF students and make adjustments, if necessary. The minimum and maximum semester and maximum academic year award ranges for full and part-time Article III undergraduate student grants for each type of institution.

9A:11-2.7 Financial Aid Packaging
Because EOF students are from historically poor backgrounds, all sources of student financial aid shall be used to augment the financial aid package. Loan encumbrance shall be a low priority, and loans shall be given to complete the package only after all other forms of financial aid are exhausted.

9A:11-2.8 Duration of Student Eligibility
(a) Students deemed eligible at the time of their initial EOF Article III academic year student grant payment shall retain eligibility for program support services and Article III student grant funds as long as they continue to:
1. Demonstrate financial need as determined by the institution through a Board-approved financial aid form submitted by the student in accordance with the annually established deadline dates;
3. Maintain their status as legal residents of the State of New Jersey as defined in N.J.A.C. 9A:9-2.2, which is the Tuition Aid Grant and Garden State Scholarship programs’ rule governing residency;
4. Maintain full-time enrollment or have the campus EOF administrator/director’s written approval for a part-time Article III undergraduate grant. Part-time grant eligibility is available only at those institutions approved by the Board to award part-time Article III undergraduate grants; and
5. Meet the maximum number of semesters of eligibility as prescribed in N.J.A.C. 9A:11-2.8 and 2.9.
(b) The number of semesters of Article III grant payment is cumulative; EOF students shall be eligible for no more than 12 semesters of payment over the course of their entire undergraduate careers, except as noted in (d) below. When a funded EOF student transfers from one participating institution to another, the semesters of payment at the second institution are added to those at the first. The cumulative total of semester of payment shall not exceed eight for pursuit of an associate degree and 12 for pursuit of a baccalaureate degree.
(c) Students enrolled at senior institutions may receive a maximum of 12 semesters of Article III undergraduate grant payments to complete a baccalaureate degree, as long as they are making satisfactory academic progress as stipulated in N.J.A.C. 9A:11-2.13. Undergraduate grant recipients may not pursue more than one baccalaureate degree within the maximum 12 semesters of Article III undergraduate grant payments.
(d) Students in an established five-year undergraduate course of study at a senior institution shall be eligible for an additional two semesters beyond the maximum of 12 upon a formal written request from the institution and approval by the EOF Executive Director. Under no circumstances shall a student receive more than 14 semesters of Article III undergraduate grants.
(e) Students enrolled at institutions that award associate degrees may receive a maximum of eight semesters of Article III undergraduate grant payments to complete an associate degree, as long as they are making satisfactory academic progress as stipulated in N.J.A.C. 9A:11-2.13. Undergraduate grant recipients may not pursue more than one associate degree within the maximum eight semesters of Article III undergraduate grant payments.
(f) Once a student earns a baccalaureate degree they have exhausted their semesters of undergraduate EOF Article III grant eligibility.
(g) Students in their last semester of study to complete degree requirements may take fewer than 12 credits (full-time status) and still receive the maximum Article III undergraduate grant for which they would be eligible as a full-time student.
(h) In no case shall an initial Article III undergraduate grant be given for a student’s last two semesters of baccalaureate study.
(i) Summer session shall not be counted in determining the total number of semesters of payment a student has received.
9A:11-2.9 Part-time Students
(a) The EOF Article III undergraduate grant award to part-time students provides EOF-eligible students with an opportunity to address personal, financial, and/or academic concerns that impede their ability to pursue a full-time course of study.
(b) Part-time grant eligibility shall be available only to EOF students attending those institutions approved by the Board to award part-time Article III undergraduate grants.
(c) Eligible students shall be advised by institutional EOF staff to pursue part-time enrollment and shall enroll for at least six credits, matriculate in a certificate or degree program, and maintain minimum standards of academic progress as determined by the institution in the context of the provisions of N.J.A.C. 9A:11-2.13.
(d) Each semester of part-time attendance for which an Article III part-time undergraduate grant is awarded shall count as one-half of a semester of grant eligibility. In no case shall a student receive such a grant for more than three semesters in pursuit of an associate degree or four semesters in pursuit of a baccalaureate degree.
(e) Institutions approved to award Article III part-time undergraduate grants shall not award such grants to more than 10 percent of their total EOF-funded population in any given semester.

9A:11-2.10 Nonfunded Students
(a) Students who receive an initial Article III undergraduate grant but because of a change in income or enrollment status no longer demonstrate need for Article III funds shall be termed nonfunded.
(b) Students who are enrolled in college but no longer eligible for Article III undergraduate grants because of their inability to make satisfactory academic progress as defined in N.J.A.C. 9A:11-2.13 may be considered nonfunded and may receive Article IV program support services, as determined by the institutional EOF administrator/director.
(c) Students who, due to extenuating circumstances, are advised to enroll at less than full-time status but are not eligible for an Article III part-time undergraduate grant may be considered nonfunded and may receive Article IV program support services, as determined by the institutional EOF administrator/director. Documentation of advisement shall be maintained in the student’s record.
(d) To retain eligibility for Article IV program support services, a nonfunded student must continue to file the financial aid form approved by the Board and must have received Article III undergraduate academic year funds during initial enrollment in the program.
(e) A student who enrolls in the prefreshman summer program before his or her eligibility has been determined and who is later found financially ineligible cannot be considered a nonfunded student.

9A:11-2.11 NJ GEAR UP and NJ College Bound Grant Program Support Services Only Student
(a) A student who has successfully completed a NJ GEAR UP state project and/or an NJ College Bound grant program but is unable to demonstrate financial eligibility for an initial Article III student grant as set forth in N.J.A.C. 9A:11-2.4 shall be termed a NJ GEAR UP/NJ College Bound support-services-only (NJGEARUP/NJ College Bound/SSO) student.
(b) A NJGEARUP/NJ College Bound/SSO student is eligible to receive both Article III and Article IV benefits of the prefreshman EOF summer program and subsequent academic year Article IV program support services throughout his or her enrollment in college.

9A:11-2.12 Transfer of Eligible Students to Another Participating Institution
(a) Students who wish to complete a degree at an institution other than the one where they received their initial Article III undergraduate student grant shall contact the EOF administrator/director at the institution they wish to attend to inform of their intent to transfer, and must meet all of the receiving institution’s criteria for participation in the EOF program.
(b) Once deemed initially eligible for an Article III undergraduate grant at the sending institution, a student is presumed to have met the historical poverty eligibility criteria (as outlined in N.J.A.C. 9A:11-2.2(b)) and the financial eligibility criteria as (as outlined in N.J.A.C. 9A:11-2.4) for a renewal EOF grant at the receiving institution.
(c) Article III undergraduate student grants cannot be guaranteed to renewal students who transfer to another participating institution in New Jersey.

9A:11-2.13 Academic Progress
(a) Before payment of an Article III undergraduate student grant may be made to an eligible continuing student, the institution shall have satisfactory evidence that the student is maintaining academic progress.
and class standing according to the institution’s established policy for academic progress of EOF students, as outlined in (b) below.

(b) For purposes of determining continued eligibility for an Article III undergraduate student grant, the Board shall recognize the same standards of academic performance and progress that an institution adopts to determine eligibility for Federal student financial aid programs under Title IV of the Higher Education Act of 1965, as amended, and its implementing regulations, 20 U.S.C. §1091(d) and 34 C.F.R. §668.84 (“satisfactory progress”), as well as the following provisions.

1. Due to the special nature of the EOF mission, an institution’s satisfactory progress standards for EOF students shall take into consideration the maximum semesters of payment for which an EOF student is eligible under N.J.A.C. 9A:11-2.8. Other factors that shall be considered include the time an EOF student needs to adjust to college life, with the help of the program’s supportive services, and the institution’s remedial/developmental and ESL policies and programs for EOF students.

2. The summer program is a critical component of the EOF program. Courses that an EOF student schedules and completes using EOF Article II undergraduate summer funds, as well as academic year courses, shall be considered in determining the student’s academic progress. However, as stipulated at N.J.A.C. 9A:11-2.8(i), Article III undergraduate summer grants are not considered a semester of payment.

3. EOF students have the first four semesters of payment to complete all courses that the institution designates as remedial/developmental. The EOF Executive Director may approve additional remedial/developmental work (beyond the four semesters) upon formal written request and approval by the institution.
   i. The institution’s formal request to the EOF Executive Director shall detail reasons for the request. If there are extenuating circumstances, such as prolonged illness or a death in the family, the student shall provide suitable evidence in the form of one or more of the following documents: letter from the attending physician, obituary notice, and/or death certificate. The request shall also indicate how many remedial/developmental courses the student must complete to fulfill the institution’s requirement and the number of additional semesters needed to do so; the student’s most recent academic transcript, which shall reflect all remedial/developmental courses and grades earned to date; a copy of the institution’s Federal Title IV standards of academic progress policy for EOF students; and why the institutional administrator believes the student can complete the requirement successfully if given additional semester(s) of funding.
   ii. The request shall be approved if the institution demonstrates that with the additional semesters the student is highly likely to complete the remedial/developmental requirement, the student has not otherwise exhausted his or her eligibility for EOF funding, and the student is in compliance with all of the institution’s other academic progress requirements.

(c) The class standing and academic progress of all students receiving Article III undergraduate financial assistance shall be monitored by institutions at least once a year before the fall semester.

(d) Students who fail to achieve the standards set forth in this section shall be ineligible to receive academic year Article III undergraduate financial assistance until the institution certifies that they are in good academic standing and are achieving satisfactory academic progress.

(e) The institution shall share with the Commission/EOF any material findings or audit exceptions related to the determination of academic progress at any time that they are revealed in the course of an audit or program review.

(f) Students and institutions shall have the right to appeal, through the procedures in N.J.A.C. 9A:11-6.7, a denial under this section of Article III undergraduate financial assistance. The EOF Executive Director may, at his or her discretion, consider individual cases and shall have the authority to make such exceptions as unusual circumstances may warrant.

9A:11-2.14 Discontinuance of Article III student grants

(a) The Article III student grant shall be discontinued for any student who fails to meet the participating institution’s policies governing academic performance and progress pursuant to N.J.A.C. 9A:11-2.13.

(b) The Article III student grant shall be discontinued for any student who is not matriculated in a fulltime or Board-approved part-time program of study or for any student who is not enrolled. The institution shall repay the amount of any grants the institution has received for that student.

(c) The Article III student grant shall be discontinued for any student who refuses to abide by regulations established by the institution for participation in the EOF program.
The Article III student grant shall be discontinued for any student who intentionally falsified or gave misleading information upon which EOF program eligibility was based. That student shall repay the amount of any grants previously awarded to him or her.

SUBCHAPTER 3: GRADUATE EOF FINANCIAL ELIGIBILITY

9A:11-3.1 Scope

This subchapter governs the awarding of Article III graduate EOF grants. The overall objective of the graduate EOF program is to increase the participation of New Jersey residents from backgrounds of historical poverty in graduate and professional study. Priority in granting EOF graduate grants shall be given to students who received EOF undergraduate grants.

9A:11-3.2 Student eligibility

(a) The academic deficiencies that identify the undergraduate student as educationally disadvantaged do not apply at the graduate level. The graduate EOF program is designed to provide an opportunity for New Jersey residents whose undergraduate record reflects the potential for advanced study beyond the baccalaureate degree. Eligible students shall have economic backgrounds that reflect a history of poverty as described in N.J.A.C. 9A:11-2.2(b) 1 through 5.

(b) Students who received Article III EOF grants as undergraduates shall be given priority consideration for Article III graduate grants. These students are presumed to have met the financial eligibility criteria (as outlined in N.J.A.C. 9A:11-2.3) for graduate EOF as long as they continue to demonstrate financial need.

(c) To be initially eligible for an EOF Article III graduate student grant, a student must demonstrate that he or she:

1. Meets N.J.A.C. 9A:9-2.2 and 2.3, which are the Tuition Aid Grant and Garden State Scholarship programs’ rules governing residency, and noncitizens and resident aliens, respectively;
3. Is or will be a full-time graduate student as defined by the institution offering the graduate program of study; and
4. Is admitted to and intends full-time enrollment and matriculation in a curriculum leading to a graduate degree or certificate at an institution participating in the Fund, provided that the student has not already received a graduate or professional degree at the same level of study for which he or she is applying. Graduate degree and certificate programs must have a minimum requirement equivalent to 24 semester hours and be at least one academic year in duration.

(d) Students shall not receive assistance under the programs administered by the Board if they owe a refund on a grant or scholarship previously received from a State or Federal program through any institution or are in default on any loan made under any State or Federal student financial assistance program at any institution. However, such students may receive State financial assistance if they make satisfactory repayment arrangements with the appropriate office.

(e) Students attending out-of-State institutions are not eligible for Article III graduate grants.

(f) Students shall not receive an initial graduate grant in their last semester of enrollment.

9A:11-3.3 Verification of financial eligibility

(a) For students who did not receive an Article III undergraduate grant, the institution shall verify, at the time of initial graduate enrollment, a background of historical poverty as outlined in N.J.A.C. 9A:11-2.2(b)1 through 5.

(b) The annual gross income and assets of all graduate grant recipients shall be verified by the institution through the use of Internal Revenue Service documents.

(c) In cases where earnings are not the source of an awardee’s income, the file shall contain appropriate, verified documentation on which to base the award (for example, statements from the public assistance agency, Social Security Administration, Bureau of Children’s Services, Veterans Administration, or other appropriate administrative agency).

9A:11-3.4 Grant Amounts

(a) The dollar amount of each Article III graduate grant shall be based on three factors:

1. Full-time enrollment as defined by the institution offering the graduate program of study;
2. The financial need of the student as determined by a needs analysis; and
3. The type of institution the student attends.
(b) The institution’s EOF and financial aid directors shall determine the exact amount of each student’s grant. In determining need and awarding Article III graduate grants, priority shall be given first to students who received an undergraduate EOF grant, followed by students who did not receive such an award but who now meet the educational criteria of N.J.A.C. 9A:11-2.2 and the income criteria of N.J.A.C. 9A:11-2.3 (a), (d), and (e), followed by students admitted under N.J.A.C. 9A:11-2.3(g).

(c) The institution shall have the authority to adjust student grants within the minimum and maximum award ranges. An EOF graduate grant awardee shall receive not less than the minimum nor more than the maximum semester award for the academic year, except that under no circumstances shall the grant when combined with other aid exceed the cost of attendance as determined by the institution.

(d) The Board shall annually review the State grant amounts for EOF students and make adjustments, if necessary. The minimum and maximum semester and maximum academic year award ranges for Article III graduate grants for each type of institution.

(e) The awarding of all grants within the minimum and maximum semester and academic year ranges in (d) above shall be based upon a careful analysis of the student’s total financial situation and financial need. The neediest students shall be accorded priority.

9A:11-3.5 Duration of Graduate Student Eligibility

(a) To retain eligibility for an Article III graduate grant, students shall comply with the Tuition Aid Grant and Garden State Scholarship programs’ rule at N.J.A.C. 9A:9-2.4, Eligibility and repayment, in accordance with the Board’s annually established deadline dates.

(b) No student shall be eligible for an Article III graduate grant for more than 10 semesters; however:
   1. Duration of eligibility shall be extended to one semester beyond the normal number of semesters usually required for a full-time student to complete the degree requirements.
   2. Duration of eligibility in pursuit of a medical or dental degree shall be extended to one year beyond the normal number of years usually required for a full-time student to complete the degree requirements.

(c) Graduate grant recipients may pursue more than one advanced degree; however:
   1. Each degree must be a higher level than the previous one unless the grant recipient is enrolled in a dual-degree program; and
   2. In no case shall the combined eligibility exceed the equivalent of 10 semesters.

(d) An Article III graduate grant shall not be awarded for summer program study except in those programs that, by their nature, require specific course(s) to be taken during the summer.
   1. Exceptions are possible in cases where the program of study requires a mandatory sequence of courses for more than two terms in an academic year.
   2. To qualify for an exception, the institution shall submit a written request to the EOF Executive Director.

(e) Students in their last semester of study to complete degree requirements may enroll for less than full-time status and still receive the maximum Article III graduate grant for which they would be eligible as a full-time student.

9A:11-3.6 Discontinuance of Article III Graduate Student Grants

(a) The Article III student grant shall be discontinued for any student who has been academically dismissed and not reinstated in good standing by institutional officials.

(b) The Article III student grant shall be discontinued for any student who is not matriculated in a fulltime program of study or for any student who is not enrolled. The institution shall repay the amount of any grants the institution has received for that student.

(c) The Article III student grant shall be discontinued for any student who refuses to abide by regulations established by the institution for participation in the EOF program.

(d) The Article III student grant shall be discontinued for any student who intentionally falsified or gave misleading information upon which EOF program eligibility was based. That student shall repay the amount of any grants previously awarded to him or her.

SUBCHAPTER 4: EOF PROGRAM SUPPORT SERVICES

(g) At each participating institution with an open admissions policy, the campus EOF administrator/director shall make the final determination on admitting students to the EOF program and awarding EOF Article III grants.

9A:11-4.5 Recruitment and Admissions

(a) The institution, through its admissions and EOF staff, has the primary responsibility for recruiting EOF students. The staff shall have the requisite skills and information to convey accurately the goals and objectives of the institutional EOF program. EOF staff shall assist in identifying, interviewing, and selecting prospective program participants, but the institution is accountable for the recruitment yield on an annual basis.

(b) Each participating public institution shall enroll at least 10 percent of its entering fall freshmen through the EOF program; independent institutions are encouraged to meet this goal. The percentage shall be calculated from the number of EOF freshmen in a given fall semester and the number of full-time first time New Jersey residents in the previous fall’s freshman class. Students who are counseled at entrance to pursue a part-time course load and receive an Article III part-time student grant shall be counted in calculating an institution’s EOF freshman percentage.

(c) Each participating institution shall annually develop and implement a plan to recruit, identify, and select potential students for the EOF program. This process/procedure shall be subject to audit by
Commission/EOF staff at any time. The plan shall focus primarily on identifying a significant pool of potential students who meet the student eligibility criteria in N.J.A.C. 9A:11-2.2 and the financial eligibility criteria defined in N.J.A.C. 9A:11-2.3. The plan also shall establish a priority selection process that includes a waiting list, as well as appeal procedures for EOF freshman, transfer, and readmit applicants.

9A:11-4.6 Criteria for Admission

(a) Each institution shall develop clearly defined criteria for the admission of students into the EOF program. Such criteria shall be consistent with the EOF mission, scope, purpose, student eligibility, and student transfer procedures in N.J.A.C. 9A:11-1.3, 1.4, 2.1, 2.2, 2.3, 2.12, and 5.4(b). Such criteria shall be available to secondary schools and community organizations in the recruitment region.

(b) EOF admissions criteria shall be derived from a combined assessment of qualitative and quantitative indices. The qualitative indices may include personal interviews, employment history, volunteer and student leadership experiences, and letters of recommendation from knowledgeable community leaders. The quantitative indices may include student aptitude test scores, high school transcripts, institutional entrance and placement tests, and writing samples.

9A:11-4.7 Student Transfer Procedure

(a) Each participating institution shall develop and maintain a well-defined, written policy to facilitate transfer of EOF students between same-level institutions and from two-year to four-year institutions.

(b) The campus EOF administrator/director at the receiving institution shall make the final determination on which transfer students shall receive an EOF grant. This is to ensure that the EOF program can provide these students with adequate educational support services and monitor their academic progress, as well as to maintain fiscal controls and budget management.

(c) The EOF program shall be able to demonstrate delivery of services as outlined in N.J.A.C. 9A:11-4.8 to students who are eligible for funding consideration under N.J.A.C. 9A:11-2.12, Transfer of eligible students to another participating institution.

9A:11-4.8 Eligible Program Support Components

(a) The campus program shall supplement, but not supplant, services already available to the general student population.

(a) EOF students, as students who pay tuition and for whom the institution receives State support other than EOF, are entitled to all services available to any other students at the institution.

   i. The salary and/or fringe benefits of high-level institutional officers who serve all students. Where these individuals are included, a detailed justification shall accompany the proposed contract budget. The justification shall include services provided to EOF students that would not normally accrue as a result of tuition payment. Expenditures for personnel who provide direct services to EOF students will be allowed;
   ii. Items and services normally provided to students by the institution without charge;
   iii. Items and services normally provided to the institution by other government agencies without charge;
   iv. Charges incurred by the institution as program costs but require no cash outlay by the institution during the grant period; or
   v. Any cost incurred or contribution of services made in a prior fiscal year.

(d) The contract budget shall provide a format for the institution to record separately all institutional match and grant award items, including fringe benefits; budgets are subject to audit.
The EOF Executive Director shall review all budgets to determine appropriateness of any in-kind contributions offered as institutional match and make recommendations to the Board. An institution may appeal the disallowance of an institutional match item in writing within 30 days of issuance of the formal agreement. The EOF Executive Director shall consider the appeal and make a recommendation to the Board.
